Company Introduction

ROKWON Co., Ltd. is with you

20 years of experience in the manufacturing field of health devices

KC, EMI/EMS, CE, FCC certification | One utility model and nine design

20 Years of Experience in the Manufacturing Field of Health Devices

Rokwon Inc. was established in October, 2000 and converted into a corporation in 2002. Based on 20 years of experience in the manufacturing field of health devices, we recently developed ankle pump exercise machines, obtained a number of certifications, including KC, CE, FCC, and registered one utility model and nine design registrations with the Korean Intellectual Property Office to verify the excellence of quality.

Exporting to Turkey and Mexico

We export to Turkey and Mexico. According to KOTRA, products for "healing" are gaining popularity around the world through the Corona situation, and massage devices are also considered a representative item. Although epidemic is approaching, emerging sports consumption trends such as small sports equipment and online training services are expected to continue due to the development of home training.
