Manufacturer /Origin	Best Innovation Glove Co., Ltd.								Vietnam	
Special Features	1. The <u>wide bottom</u> allows for <u>easy removal</u>, while the clean finish ensures convenient wear. 2. Rubber gloves with <u>bracelet and tattoo designs</u> applied to them. 3. <u>Made of</u> flexible and highly elastic <u>Latex material which consists over 90% of the weight</u>, offers high durability to <u>withstand various temperature changes and comfortable wear</u>. 4. The grid pattern <u>reduces slipping</u> in various situations. 5. Since it is manufactured by washing with hot water, foreign substances are removed, allowing for cleaner use.									
Target Customer	Suitable for markets with customers seeking rubber gloves with both design and usability features.
